

DANIELE

Age	13 weeks old
Birthday	Apr 1, 2023 (39 weeks, 5 days)
Due Date	Apr 3, 2023
Gender	Boy

NOTEBOOK

Doctor Visits

Title	Doctor's Name	Date & Time	Notes	Photos(*)
First Doctor Visit	Dr. Eugene James	Apr 4, 2023	Her fever is coming down, she is not fussy anymore and is nursing faster. Her weight and head size is at a good percentile.	--
1st Month Checkup	Dr. Eugene James	May 3, 2023	Her growth is good. Dr wants to follow up closer on her diaper rashes and possible allergies.	IMG_2
2nd Month Checkup	Dr. Eugene James	Jun 2, 2023	Her growth percentile is falling but still in a good range according to Dr. James. Her sleeps are getting longer.	--
3rd Month Checkup	Dr. Eugene James	Jul 3, 2023	Although Daniele's weight percentile is dropping, head and height are still in order. Must check up the stool colors after each diaper change. Must note al stool types too as it may refer to digestive issues he might face after month 6.	--

Consulting Session

Title	Consultant	Date & Time	Notes	Photos(*)
Sleep Consultation	Sandra Ochoa	Jun 22, 2023	Went through her sleep patterns with Sandra. Talked about her late night episode and relation to her food. Added Sandra to the family for future sessions. She can track all sleeps and message us instantly.	--
Fever + Meds	Dr. Eugene James	Jun 23, 2023	Her temp was 102. I gave her 1.875mL of infant ibuprofen.	--

General Notes

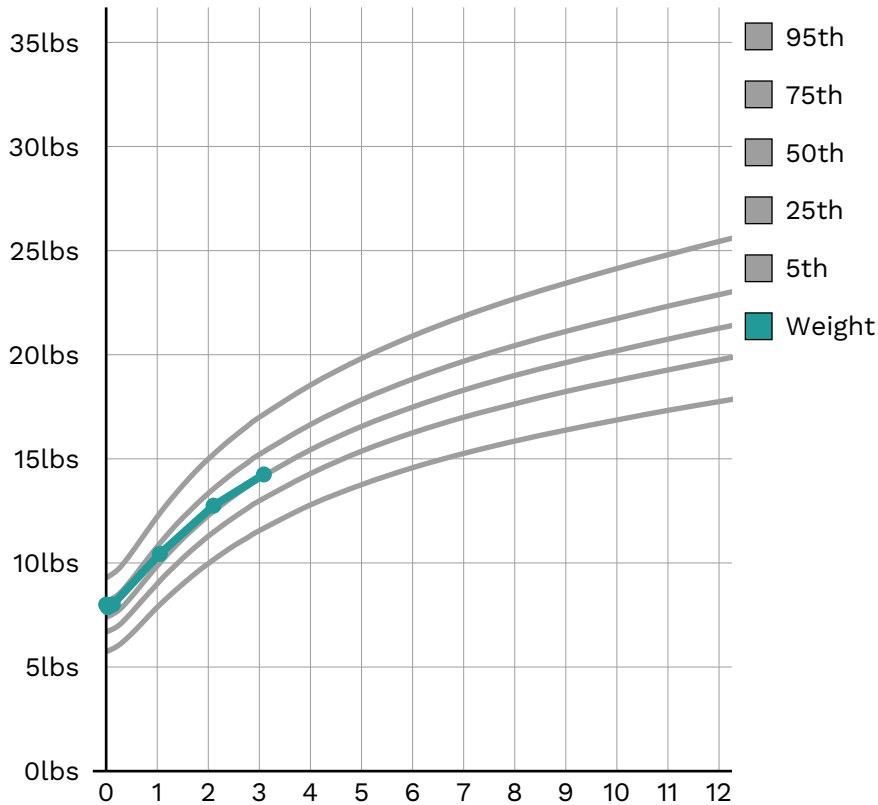

Title	Date & Time	Notes	Photos(*)
Back to birth weight	Apr 5, 2023	8.0lbs	--
Umbilical infection	May 13, 2023		IMG_1
Late Night Episode	Jun 18, 2023	Daniele has been awake since 12 am, it is now 3:35 am. She is screaming like never before. seems more comfortable laying a bit elevated. checked body, no marks. she's not interested in taking Caroline's breast.	--
