

Neonatal Resuscitation Program®

Textbook of Neonatal Resuscitation®, 8th Edition

American Academy of Pediatrics and American Heart Association

Editor: Gary M. Weiner, MD, FAAP

Associate editor: Jeanette Zaichkin, RN, MN, NNP-BC

Innovative resource for interactive, simulation-based teaching and learning

All the essentials for NRP®

- The latest resuscitation guidelines
- Useful course study materials
- Easy-to-use reference resources

The *Textbook of Neonatal Resuscitation*, 8th edition, will help you learn the cognitive, technical, and teamwork skills you need to resuscitate and stabilize newborns.

More AAP resources for quality neonatal-perinatal care

Neonatal Care: A Compendium of AAP Clinical Practice Guidelines and Policies, 2nd Edition

American Academy of Pediatrics

This compendium contains the collected AAP clinical practice guidelines, policy statements, and clinical and technical reports related to the quality care of newborns and infants. Find more than 50 of the most recent and trustworthy recommendations from the AAP Committee on Fetus and Newborn and other relevant AAP Committees, sections, and councils, organized into 9 sections for easy reference including the highly anticipated "Clinical Practice Guideline Revision: Diagnosis and Management of Hyperbilirubinemia in the Newborn Infant 35 or More Weeks of Gestation." Each statement or report contains an abstract overview, a concise presentation and critique of the available data, and a summary of the findings and recommendations.
