

# **POPULATION HEALTH STATISTICS**

160,000

Medicaid children under value-based contracts (professional and facility risk)

350 specialist and 130 primary care providers across inpatient and ambulatory domains on a shared Electronic Medical Record (EMR) platform

600,000\* annual ambulatory visits, 100k\*

emergency department (ED) visits, **25k**\* inpatient visits per year

\*approximate numbers

# POPULATION HEALTH PROGRAM HIGHLIGHTS

- By August 2023, 115 school nurses registered for CHOC's EMR use, giving them access to the Single Plan of Care.
- 2 A partnership with the Orange **County Department of Education** has resulted in 33 WellSpaces across 13 districts in Orange County to date.
- 3 CHOC provided 34,500 telehealth visits across primary and specialty care in FY 2023 - averaging nearly 2,900 visits each month.
- 4 Wellness on Wheels, CHOC's mobile clinic, brings care and resources to families by visiting primary care clinics, schools, and community centers.
- 5 CHOC's Adolescent to Adult Bridge (A2B) Program prepares patients for transition into adult medicine through early, targeted education.

# **POPULATION HEALTH FRAMEWORK**

#### **EQUITY-DRIVEN**

Partnering with all communities, especially underserved populations who face persistent, disproportionate barriers to healthcare access.

#### **ECOSYSTEMIC**

Cultivating whole-child and whole-family wellness by treating and supporting physical and mental health; financial health; healthy relationships; and academic strength and achievement.

#### **EMBEDDED**

Integrating programs and services at key touchpoints to maximize access to wellness supports and minimize barriers to receiving care.

## **EARLY**

Reaching patients and families early, with respect to children's ages as well as in relation to the continuum of illness and disease.

## **EVIDENCE-BASED**

Leveraging improvement science tools to align with best practices, relying on both quantitative and qualitative data informed by feedback from our patients and their families.
