2024 PREP
subscriptions and
pricing included in
this catalog. Content
access begins in
January 2024.

Turn to PREP throughout your career to ensure adherence to best practices and new guidelines, all while earning valuable CME credit and MOC points!

PREP has provided authoritative and relevant educational assessments for improving child health for 45 years. Turn to PREP to assess your knowledge and identify areas for growth and development. PREP® Self-Assessments provide education and self-evaluation with case-based questions that mirror patient encounters and well child visits. PREP Pearls present the salient practice takeaways, while critiques and links to AAP resources enhance your learning. With trusted PREP content, you can feel confident you are getting comprehensive learning that will support excellence in the patient care provided.

Browse through the following pages to find the subscription program that best meets your needs. When you're ready to purchase, head over to aap.org/shopaap for quick, secure online ordering.

Every
subscription
year presents
new content!

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®

Celebrating 45 years of educational excellence!

Comprehensive Review Package

The PREP The Curriculum package includes our 2 most popular subscription products, providing you with all the authoritative content and relevant resources for lifelong learning. This package includes PREP Self-Assessment and 12 issues of the *Pediatrics in Review* journal.

PREPSELF-ASSESSMENT

- Identify your knowledge gaps with peer-reviewed questions, high-quality medical PREP Pearls, and detailed critiques.
- **New in 2024!** PREP Self-Assessment will move to a new educational platform with better functionality, at-a-glance presentation of key practice takeaways, quick access to clinical images, and improved mobile optimization.

PEDIATRICS IN REVIEW

- In 2024, *Pediatrics in Review* will celebrate 45 years of journal publishing preparing trainees for board examination and practicing clinicians for board recertification. The PIR monthly clinical review journal maps review articles to ABP content domains and fills in knowledge gaps with the latest clinically-applicable information available through Index of Suspicion, Visual Diagnosis, and Chronic Condition cases, plus In Brief articles. Current year subscribers receive access to articles dating back to 1979.

PREP THE CURRICULUM 1-year subscription includes

PREP Self-Assessment

More than 260 case-based questions with detailed explanations supporting the preferred response, along with a discussion of why other choices are incorrect.

Online Testing Tools and Resources

Boost your learning with PREP Pearls, hyperlinks to salient review articles, as well as to AAP's Pediatric Care Online and Red Book Online.

Pediatrics in Review

Published monthly with clinical review and case-based articles that aid clinicians in the proper identification of differential and actual diagnoses as well as therapeutic management of diseases and disorders.

Teaching Slides for select articles

Valuable MOC & CME credit

The self-assessment component of NeoReviewsPlus™ is approved for 24 points of MOC Part 2 credit. PREP Hospital Medicine is approved for 27 points of MOC Part 2 credit. 2022 & 2021 Palliative Medicine are approved for 10 points of MOC Part 2 credit.

NeoReviews™ is approved for 10 points of MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program.

Pediatrics In Review® is approved for 30 points of MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program.

All approved activities must be completed by the MOC Credit Approval End Date. All deadlines and MOC point values should be confirmed by checking the ABP Activity Catalog within each physician's ABP portfolio. Consult your ABP portfolio at www.abp.org for details about your specific certification requirements. For questions about how to access this activity, contact MOCPortfolio@aap.org.

To claim credit and find information on how to notify the ABP of your completion, refer to the Claim Credit pages of the self-assessments.

Please note: To claim MOC credit, subscribers must initiate transmission of MOC credits after all assessment questions have been completed and the established minimum passing score has been achieved in the online learner mode. A record of MOC credit claiming activity is located in the Manage ABP MOC Credit section of the AAP Transcript and Credit Management Tool.

PREP products are approved for MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program.

Consult your ABP portfolio at abp.org for details about your specific certification requirements.

CME Credit Information

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP Policy on Disclosure of Financial Relationships and Mitigation of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they have either no financial relationships or any financial relationships with the manufacturer(s)

of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and mitigated prior to an individual's confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices and/or medical or surgical procedures that involve "off-label" use of a device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

The content of these CME activities does not necessarily reflect the views or policies of the AAP.
