

# 'Hold for Me' on Doximity Dialer

Try 'Hold for Me'  
If you don't have a number in mind,  
you can call our test line at 855-533-1511.

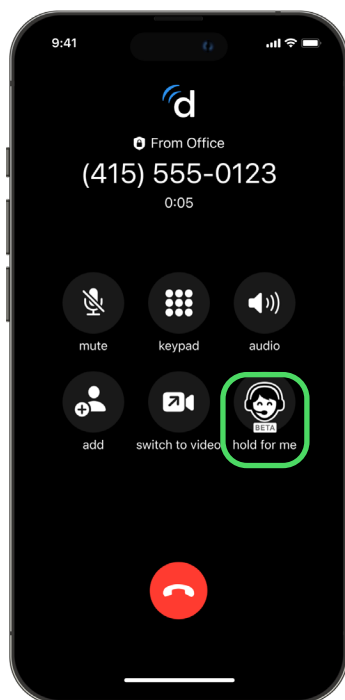

'Hold for Me', the newest scalpel on Dialer's digital Mayo tray, lets you cut out the time you spend waiting on hold—for pharmacists, insurance adjudicators, even Verizon reps.

Next time you get stuck on hold, simply tap 'Hold for Me' and our digital assistant will wait in your place. As soon as it detects a real human response, it notifies you to rejoin the call.

## How 'Hold for Me' Works

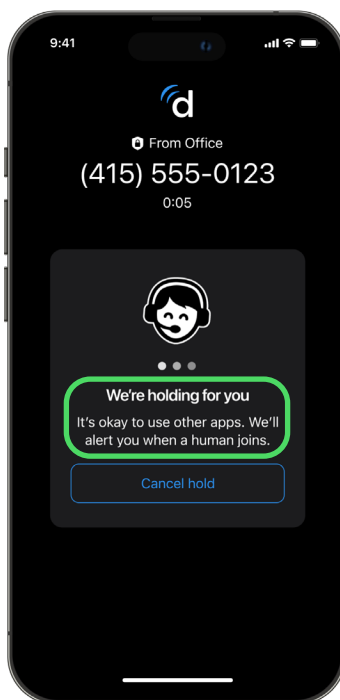

### STEP 1

When on a call using Dialer, tap 'Hold for Me' any time you get put on hold.

### STEP 2

Feel free to navigate away and use other apps—we'll wait on hold in your place!

### STEP 3

When someone picks up, you'll get a notification that takes you back to your call in a single tap.
